# OLYMPIC POSTAGE STAMP ALBUM

## DESCRIPTION

### Cover—

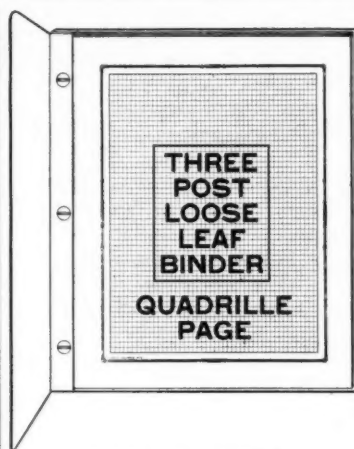

The cover is made of a beautiful heavy antique finished art paper, a rich chestnut brown color. Will not soil readily, is artistically printed in a rich, deep red, green and gold. Finished with rounded corners.

### Pages—

One hundred pages 9 1/4 x 8 inches, printed from new plates, with an artistic border surrounding a fine quadrille ground work for mounting. This quadrille work is marked with a center of page position mark as well as position marks at both sides and at top and bottom of the page for accuracy in mounting. The paper is a light weight white bond paper, light in weight so that the book will lay open when in use.

### Binding Style—

Pages are held in the binder by the Chicago Screw Post method of binding—three posts. This gives a firm, yet easily interchangeable binding. Has extra expansion stubs for 3-16 inch expansion.

## Collection of Postal History Data

Following is reprinted from a clipping from a newspaper. The name of the paper was not supplied or we would be glad to give credit. Dr. T. P. Hyatt is a resident of Brooklyn, N. Y., and his collection is such as to be of interest to every stamp collector, and we are glad to give space to this very interesting article.

**T**HIRTY years ago Dr. Thaddeus P. Hyatt, who had been collecting stamps for years, was asked to deliver the first lecture in the new philately section of the Brooklyn Institute of Arts and Sciences. He thought it would make his talk more interesting if he had some illustrations showing the development of the postal system, but when he sought for pictures he found there were only three photographs of New York post offices to be found and they were owned by a man who wouldn't loan them, even for lecture illustrations.

Dr. Hyatt managed, however, to gather sufficient facts to please and satisfy his audience, but his collecting instinct had been spurred and he seriously began to collect books, pictures and documents relating to the postal service, not only in this country but abroad. As a result, after three decades of research, he has amassed a library and museum, not only unique, but valued at thousands of dollars. His only regret is that others have not begun to follow his hobby, as he has duplicates of some of his best items that he'd like to exchange.

A librarian has been working for fourteen months cataloging the thousands of items, and isn't nearly through yet, Dr. Hyatt will tell you. The museum occupies an entire room in his home at 1169 Eighty-third street, Brooklyn. As far as he knows he is not only the pioneer in this field, but the only collector of postal lore in the world. He has between 7,000 and 8,000 separate items.

### Pictures of New York Post Offices

Included in the collection is a series of pictures of New York post offices, many of them dating from the time the buildings actually were in use, from 1664 when the office was established under Gov. Stuyvesant, right

down to the present time. Only one is missing and Dr. Hyatt is keeping a close lookout for that. It is a picture of the first branch post office located at Chatham Square for two years about 1847 or 1848.

Following the fire in 1835, the New York Post Office was moved from the Merchants Exchange to City Hall Park. After awhile numerous citizens complained that the new location was too far uptown, and in 1847 the Post Office was moved to the Middle Dutch Church, at Cedar and Nassau streets, and maintained the Chatham Square branch for two years.

About the same time The Sun printed an illustrated article suggesting that City Hall be extended back to Chambers street and the new addition be used for a post office. Dr. Hyatt has a newspaper clipping in his collection showing the proposed addition. He paid 5 cents for this item a few years ago, and says he hurried as fast as he could once he got out of the shop for fear the dealer who sold it to him would call him back and cancel the sale.

### Many Famous Autographs

Many autographs of famous persons are included in Dr. Hyatt's collection. One is a bill in George Washington's handwriting, dated September 3, 1773, for postage that Col. Fairfax owed him.

Dr. Hyatt was born in Elizabeth, but spent the first six years of his life in France, where his father, Thaddeus Hyatt, was an American consul. He was educated in England and received his degree in dentistry at the New York College of Dentistry now a part of New York University. He is a fellow of the American College of Dentists and widely known for research in the field of dental surgery.

"It has been the prerogative of governments since the beginning of postal services to open letters which they

feared might carry information harmful to them," said Dr. Hyatt yesterday. "In 1640 in Yorkshire, England, a lawyer named John Hill started a penny post, charging tuppence for a letter to Scotland and fourpence for one to Ireland. This was stopped by soldiers of Oliver Cromwell, who feared that contents of these letters might be contrary to England's first and only near-republican form of government."

"Hill was driven out of England, but returned following Cromwell's fall. In 1659 he printed a circular entitled 'penny post, a vindication of the liberty and birthright of every Englishman in carrying merchants' and other men's letters against the restraint of farmers of such employment.'

### Three Copies of Old Leaflet

"There are three copies of this leaflet in existence. One is in the British Museum, in poor condition, a second is owned by Columbia University, but I understand its margins are very shallow. The third is here."

And Dr. Hyatt drew out a yellowed circular that had survived 273 years of existence and appeared little the worse for the experience.

Dr. Hyatt has several of the original bills of William Powlett, first Marquis of Winchester, a king's messenger employed to deliver messages for Queen Elizabeth between 1562 and 1569. He also has several original orders issued by John Palmer, British Comptroller-General of the Post in the latter part of the eighteenth century; a complete set of the annual reports of the British post office from 1856; many similar reports issued by the United States post office and a large collection of magazine and newspaper articles dealing with postal lore.

One item that is a source of particular pride to him is the only known copy of a British booklet published in 1680 by one Thomas James, London

printer, in which there is a plea for cheap and universal postage. He got on the track of that when looking over a magazine edited by Charles Dickens in which reference was made to this pamphlet, which bears the flowery name of "A Penny Well Bestowed."

#### Present at First Mail Flight

On September 11, 1911, Dr. Hyatt was present when the first United States mail airplane left Garden City. By a coincidence the machine, piloted by Earl Ovington, was named "The Dragon Fly," which was the title of a book on aviation written by Dr. Hyatt's father in 1882. The latter, an inventor of some note, offered a prize of \$1,000 in 1886 for the man who invented a heavier-than-air flying machine. His son chuckles as he tells of the controversy stirred up by his father's offer, and the fact that as his father predicted, the son has lived to see air mail an established fact.

A water-stained envelope which was on the ill-fated America when Admiral Byrd took off for Europe, another that was aboard the Graf Zeppelin on her first round-the-world flight, one that the late Carl Ben Elson carried in his first flight with the Alaska air mail, and many other priceless items are in Dr. Hyatt's treasured collection.

## INTERVIEWS WITH STAMP PORTRAITS

By Capt. A. C. Townsend

Yes, I am Governor Joseph West, and I am the white man shown on that stamp issued April 10, 1930, to commemorate the 250th anniversary of the founding of Charlestown, S. C. Do you really want to know what I think of it? Come over back of that large tree.

Oh, come on! I'm not going to play any Indian tricks on you. I'll put up my sword. I just want to get where none of the other Shades can hear what I say. I have to stand for enough kidding from them already.

Now! You know that the Spaniards first tried to settle the Carolinas in 1520, but went on and stopped at St. Augustine. You know that the French tried to settle in 1562, but the settlement was a failure. Then the English came along in 1670 and made the first permanent settlement.

What the English settle stays settled—that is, with the possible exception of war debts.

Well, we settled down in the mud across the river from the present Charlestown, and after ten years we dug ourselves up and moved across the river and set up Charles Town, and there it has been ever since.

And I am shown on that ridiculous stamp—at least I am told it is meant for my picture, but even with a magnifying glass I can't recognize myself. Anyway, I am shown with my back turned to an Indian and pointing towards the ground with my sword. Apparently I am pointing out a place for those two ships in the background to come up and beach themselves, or else I am showing the Indian where to dig for clams so we can have a clam bake ready for the people on the ships.

That Indian's name was Shaddoo, a local chief, and I had made friends with him and his tribe, but don't you ever believe I turned my back on him or any other Indian in that way. Had I done so it might have been "skiddoo" for me! Shaddoo was a friend, but the Indians were mighty nervous and impulsive in those days, and a fine scalp was hard to resist.

Now you take that story and skip out with it, and don't talk to any of the other Shades on the way out, or Cleveland will be around here asking me to take my sword and point out a good place for him to dig for fish-worms.

## Scott's 1933 Cat. & Free Set of Hawaii

2 and 5c surch. U. S. #647-48 on the package is my offer to my many customers and to everybody else in these times of economy, in order to make up for the 50c increase in price, announced by the publishers of the bigger and better 1933 catalogue.

If you prefer to get your well centered set mint just add 10c to your remittance of \$2.50 (thumb-indexed \$3.00) and the set will be mailed on receipt of the order.

Or, I will, instead of the Hawaii's, send 1/3 lb.—ab. 1300—of my famous "Special foreign mission mixture #50" (\$1.35 per lb.).

The only condition is payment with order and prompt acceptance of this offer in order to insure delivery, which will be made postpaid direct from N. Y. C. on date of publication.

**UNITED STATES**—On plate #20563, upper left pane, of the 7c Bicentennial, Stamp #1, has been discovered an interesting double transfer. It is not a "shifted transfer", but a straight double transfer and a good one. It shows in "GTON" of "Washington-1932", in "T" of "Cents" and on the right side of the oval frame line. Stamp #2 on this same pane has an irregular vertical plate flaw line extending from the "E" of "Cents" up thru the "S" of Washington. It looks like a plate crack.

(Scott's Monthly Journal)

Note: We have two blocks of six in our possession, neither of which shows the double transfer, but both of which show the crack on stamp #2. If any reader has stamp #1, showing the double transfer, we would appreciate the privilege of viewing same for chronicle.

About the time these notes reach our readers, the new 3c Washington will be issued in booklet form, the First Day of Issue to be July 26th.

(C. E. Nickles)

Another Bicentennial variety! Plate #20633, 1½c, upper left pane, there appears a distinct scratch running along the top of the plate and turning down over stamp #6 and running thru stamps #7 and #8. It is constant on sheets viewed.

**ALBANIA**—On the occasion of the inauguration of the new Air Mail, Tirana-Athens-Salonika, the Albanian Post Office overprinted the current Air Mail stamps. Details as to the overprint, lacking at this time.

**AUSTRALIA**—We have received a block of six of the 2p. red (Scott's A4) without watermark and we are informed that these are from a sheet without watermark which was accidentally placed in with the ordinary watermarked paper and of this sheet of 480, about 130 stamps are known. Several used copies having been found, all of which bear the postmark of a northern Melbourne suburb, dated July and August 1931.

## FILATELIC FUN FESTIVAL

The Austin Philatelic Club (an off-spring of Chicago) is going to hold a banquet about the end of September. Those not supplied with a ravenous appetite may refrain from eating after the next meeting of the club (third Wednesday in July), in order to be able to participate. Plates will be free, all you have to pay for is the food, consisting of FRENCH fried potatoes, HUNGARIAN goulash, GERMAN Weiners, RUSSIAN caviar, fish a la PALESTINE, plenty of GREECE and ITALIAN spaghetti. BULGARIAN tea will be served at a later hour.

The Hall under consideration seats about 150 persons and unless Mr. Higgins takes a vacation, we may have to rent a bigger hall outside of Austin, possibly in Cicero. An exhibition will be held and all Democrats are bound under the unit rule to show only Beer and Wine stamps, also Bar and Cork cancellations. Others may show their Sudan's or Nyassa's. The weather still being rather warm in September, we do not intend to show any covers until the first cool spell arrives.

A collection of broken plates will be shown, but all bachelors are excluded as they never washed dishes and do not understand what caused all the plates to be broken. If the Austin Police do not interfere we will have a guessing contest, the winners can choose between three pieces of merit and value as follows:

1. A block of 4 of the 5c coil Scott No. 458.
2. A strip of three of the 4 Fr. Belgium No. 221.
3. A secondhand toothbrush used by a well known philatelist.

## THE STAMPS CANDY BAR

Probably there are but few stamp collectors who do not know of the Candy Bar that was sold about a year ago and with which was given a small envelope containing five foreign stamps. This Candy Bar was put out by the Walter H. Johnson Candy Co., of Chicago.

We just learn from Mr. James H. Wilson of Chicago, who recently purchased the stock of the All-Nations Stamp Company who held the contract for supplying these envelopes of stamps that the Candy Company was using from 35,000 to 50,000 packets per day and that the All-Nations Company employed a crew of 50 girls to make up the packets.

During the period in which the stamps were used, about 8,000,000 packets were supplied. The use of these packets was discontinued after some question was raised by the United States Government over the matter.

K. M. GIERHART, BALTIMORE, OHIO

Only one Olympic precancel submitted thus far. Where are they? Let's hear about them. The Western Stamp Collector magazine lists the 5c from Pawtucket, R. I. Did not state type or anything else about it.

Leland B. Davis of Columbia, Calif., submitted an unlisted classic so to speak. It was a 6c perf. 12, 1912-15 issue from Westbrook, Me. in type II.

The Youngstown, Ohio, 30c shift spoke of a few weeks ago is owned by Frederick Hambrook, Jr., of Toms River, N. J. It is a very nice copy.

Did you know that none other than LINN'S WEEKLY is on the Precancel Stamp Society ballot as candidate for official organ for that society. If successful you no doubt will get bigger and better PRECANCEL NEWS than ever before.

prices that are without reason. He offers items precanceled from this town before precancels were actually used there as for instance the 1c Jamestown and the 3c Victory. The 3c could have still been in stock at the office in 1922 when precancels were first supposed to have been used there but not likely. He asks the modest price of \$1.50 for this item and it is not even cataloged. Likewise most of the other items are unlisted and don't you think for a minute that these were overlooked nor never reported because the editor of the Florida section of the catalogue is on the job. To make things more clear I quote the note given in the catalog in regard to these precancels. — "This town (meaning Stuart) has had a checkered precancel career. It is known that much mail matter has been precancelled legitimately out of its post office. Also it is known that favors were issued!"

Then to compare the items offered that were listed in the catalog. The Norse American set cataloging 20c offered at 50c. The 1 1/2c, 1c, 2c, 3c due offered at 40c, the first three being the ones cataloged and at 5c each. Here is the tough part about the above situation. Some one interested in precancels will buy some of the supposedly rare items above and either upon learning from a veteran precancel collector or from the catalog the status of the above stamps will become soured on the precancel game. All because some dealer who cares nothing about precancels nor precancel collect-

ors tried to cash in heavy on items he would not think of selling in the foreign stamp field.

Hoover Bros. of 1261 Broadway, New York, N. Y., plan an Auction for Aug. 5th. They are breaking up one of the largest precancel collections in existence, that of Wm. Jerrems, Jr., of Kansas City. Dividing the auction into sections as is their custom they are placing in one section early rare items, most into single item lots. Since many of these rare items are found only in old time collections, it is only when such collections are placed on the auction block does the general collector get a chance at these classics.

How about the new 3c stamp. Who will be the first to report one of these precancelled?

A little lot of items from Melvin Shulte of Breda, Ia., shows several items of the Bi-Centennial issue from Sioux City, Ia., in the old but very good conditioned type 1. It is remarkable how well this plate has stood up, very excellent care must have been exercised in the handling of it for the catalog shows that items of the 1908-10 issue were precanceled with it. If every city had taken such care of their plates I know we would have had less varieties and more precancel collec-

### OUR APOLOGIES TO OUR HOOVER SUBSCRIBERS

Since the publication of our issue for July 9, probably a dozen letters have been received from subscribers, severely condemning us for printing the Picture of a great Stamp Collector, who has been nominated for President of the United States, and for calling attention to the fact that a vast number of stamp collectors would be pleased to see Mr. Roosevelt elected as President of the United States.

We realize fully that there are a large number of stamp collectors who will not feel friendly toward Mr. Roosevelt for political reasons but political matters were far from our mind in printing the picture of Mr. Roosevelt and in offering through advertisements, pictorial envelopes and poster stamps. Had Mr. Hoover been a stamp collector, we would have prepared the same things for him and offered them in the same manner, for be it known, the editor voted for Mr. Hoover at the last election.

That we voted for Mr. Hoover at the last election and because we will doubtless vote for Mr. Roosevelt at the coming election is sufficient proof that we have no politics.

We have no wish to mix into politics, we have little respect for politics or politicians, politics is a business, the men who run for office and who hold public office make it a business and that is the reason we have little respect for politics and politicians. Long ago, we forgot that we were born a Democrat. We have cast our vote for the man, regardless of party for many years and hope to keep on doing so.

From our personal observation, neither party will give the people much that is not given by the other party. It makes little difference to the average citizen whether our president is Democrat or Republican. Both parties have forgotten their principles and it is for this reason that we prefer to pick what we believe the most desirable man from any party when casting our vote. It is not our fault that we must make such a confession. The fault lies with the men who make politics their business.

Our business is publishing a weekly paper for stamp collectors. It is also to print and produce material that is in demand by collectors of stamps and kindred hobbies. We had foresight enough to believe that a Roosevelt poster stamp and a Roosevelt Pictorial envelope would appeal to stamp collectors and especially to collectors of Historical covers. For that reason we prepared and offered them and the sale to this date has justified our belief. It is strictly a business proposition.

On the other hand, the fact that a candidate for the Presidency of the United States is a stamp collector is of immeasurable value to Philately. We have read columns of hooey about the crowned heads of Europe who are stamp collectors and if that sort of stuff makes good reading for stamp collectors then something about a candidate for the presidency of the United States, who is a stamp collector, should also make good copy. We hope to be able to print something about Mr. Roosevelt and his stamp collection. If such material that we may be able to print is looked upon as political propaganda then we can only blame Mr. Roosevelt for being a stamp collector.

We are accused of making this paper a political sheet, when as a matter of fact it is the dozen men who have written us on the matter who are injecting politics into the question.

Whatever else our featuring a stamp collector for president, has accomplished, it has given us nation wide publicity which is invaluable to any publication. The Grand Rapids Herald of July 13, devotes its leading editorial, a double width column, almost a half page deep to the trifling question of whether we should or should not have a stamp collector for president. Assuredly, this is sufficient proof for anyone that there is no serious issue in the campaign when a staid old republican newspaper such as this one can find nothing more elevating to discuss in its leading editorial than a matter of this sort. Perhaps, however, the Herald has been unable to find any real serious issues in the campaign and has grasped upon this one for lack of something better.

Leastwise it serves as an excellent example of just how we feel in the matter for while there is nothing in either platform that we have enough faith in to believe that we will fare better with one candidate than with the other, we do take pride in stand-

ing by a stamp collector just because he is a stamp collector.

The only real issue in the campaign, the only thing in our humble opinion that offers any relief to the country in this great depression, has been handled by both parties in such a way that we are certain to have that relief if the party will stand by its platform, so that the real issue is naturally eliminated from the campaign.

As we have stated before, we did not attempt to start a political discussion and do not want a political discussion in this paper and we will not have a political discussion in this paper. This ends the matter in so far as politics is concerned.

RALPH A. KIMBLE

8118 Dante Ave., Chicago, Ill.

Offering Roosevelt stamps and Pictorial envelopes is a business proposition with the publishers. If there is a demand for Hoover stamps and envelopes we will just as readily take Hoover Money.

Our object has been to keep just a few steps ahead of the Depression. We have succeeded in beating it and we have lost all faith that either of the candidates will be of more help to us than the other.

PERHAPS IF THE EDITOR OF THE Grand Rapids Herald were a stamp collector he would spell it Paraguay instead of "Paraguay". Stamp collecting has some good points.

THE EDITOR OF THE G. R. H. calls it Nonsense, that a Stamp Collector should be featured for President just because he is a stamp collector. We remember four years ago when much ado was made over the fact that Mr. Hoover was an engineer.

THERE IS ALWAYS SOME consolation in the mail that carries letters of condemnation, for while some have condemned us, others have highly approved the activity we have put forth in featuring a stamp collector for president. These letters are all from Republicans or Democrats. Our activities are strictly business, from the standpoint of a stamp collector and publisher so that the applause runs off our feathers just as readily as the mud.

YOUR EDITOR'S FATHER published his own weekly newspaper before your Editor was born. We have often wished that fate might have kept us in the small town in which we were born that we might have grown up in the environment which appeals to us most.

JACK PEARCE OF ROCHESTER, N. Y., sends a handsome first day rate cover of July 6, with a stork holding the new 3c stamp in its bill. Surely an appropriate and attractive cover.

THE NEW 6c OTTAWA CONFERENCE air mail stamp of Canada comes on a first day cover from Mr. A. F. Wicks of Brantford, Ont., Canada. It's a very nice job of surcharging. A dedication cover for the new Chagrin Falls, Ohio, airport is at hand from Mr. C. B. Wait.

## FIRE DEPARTMENT STAMP

Payne, president of the Philadelphia Association of Insurance Agents has addressed letters to Senators Davis and Reed, requesting that a special postage stamp be issued to commemorate the 200th anniversary of the organization of the first Fire Department in America.

## Covers May Go Third Class

Mr. Glover advises Don Wright that "stamped self addressed covers to be returned on first flights, etc., may be mailed at third-class rate of postage when put up in unsealed packages weighing eight ounces or less at 1½c for each two ounces or fraction," and that inscriptions "for" cachet of event or First Flight, etc., may be written or hand stamped on the address side of such covers and on the address side of packages containing same without affecting such rate. In these days of increase this may save some postage for those who send duplicates for various events.

## Buro Prints

Information regarding new issues and notes of interest on Buro Prints only, should be sent direct to the Editor of this column.

Re playing card buros:—Both the B & B overprint and the A. G. W. stamp are still in use. It was originally understood that the latter mentioned was to supersede the former.

Frequently we receive copies of an apparent buro print from Marinette, Wis. It's almighty close, but is a city type precancel.

Buro blocks are scheduled for a healthy leap in the No. 10 catalog. This to be expected when one peruses data pertaining to blocks. Some unknown, and many others of which only one, two or three blocks are accounted for.

Sister Carmela boasts of an unusual buro oddity. An Athol error with a remarkable stretched overprint. Who else has such an oddity?

Milwaukee old type ordinaries turn up very rarely with a nice plate break. The "W" of Wis. broken down to about two-thirds size, similar to the Newark broken "J". What values have you?

Recent oddities have turned up in the old types of Birmingham and

## New Daniel Webster Stamp

I am prepared to handle orders for First Day Covers for the Daniel Webster Stamp to be issued on August 24, 1932, from Franklin, New Hampshire, birthplace of this great American. Covers will be cacheted with a printed cut from a photograph of Daniel Webster, thus making a very neat and extremely beautiful cover. I guarantee all stamps used to be well centered and perforated on four sides. Early orders will be greatly appreciated. Avoid last minute rush.

Binghamton. Letters "A" raised up considerably. Easily spotted.

We are still looking for the San Francisco 1½ new type without the period. Have any of our West Coast friends found this item at this time?

### NEW 3c BOOKLETS

Announcement was made at the Post Office Department today that the new three-cent stamp book will first be offered for sale at the post office, Washington, D. C., on July 25, and at other offices throughout the country beginning July 27, 1932, or as soon thereafter as distribution can be made.

One size book only will be available containing 12 three-cent stamps to be sold to the public at 37 cents each. It is not the present intention of the Department to issue three-cent stamps in books of other sizes.

The three-cent stamps in the new book will be of the same design as those now being issued in sheets and likewise coils with the likeness of Washington modeled from the Stuart portrait.

For the benefit of stamp collectors the new three-cent stamp book will be placed on sale July 25 in the Philatelic Agency, Post Office Department, and on the same date at the branch Philatelic Agency which will be operated in the Mayflower Hotel, Washington, D. C. in connection with the annual convention of the Society of Philatelic Americans. However, no special cachet or postmarking stamp will be provided. It will not be possible for the Washington post office or the Philatelic Agency to prepare first day covers with stamps from the new stamp book. It will be necessary for collectors desiring these covers to make private arrangements for this service with local representatives or delegates to the Philatelic convention.

## SUPER MIXTURE

We still have about 10 lbs. of our old mixture left, the only OFF PAPER MIXTURE on the market priced as low as a Mission Mixture. But this is NOT A MISSION MIXTURE. Not only that, but it contains NO CENTRAL EUROPE, OR GERMANY with which all Mission Mixtures are usually cluttered, and ABSOLUTELY NO UNITED STATES. A sample packet discloses, instead fairly large quantities of AUSTRALIA, NEW ZEALAND, INDIA, and SIAM besides odd lots of SOUTH & CENTRAL AMERICA, AFRICAN, etc., and you will invariably find something real good in each package as the Mixture is continually being supplemented by odd lots.

THE ABOVE SUPER MIXTURE ONLY 50c—1000 or 2000 for \$1.00. With each dollar packet we will give, FREE, A CANADIAN PROV. 6c AIRMAIL in fine condition. MONEY IMMEDIATELY REFUNDED IF NOT SATISFIED. POSTPAID ANYPLACE WITH COMMEMS.

## SHORTAGE OF ONE CENT STAMPS

New York City almost had a famine of 1c stamps on July 7, the next day after the 3c postage rate went into effect. No doubt everyone was trying to use up their supply of 2c stamps on hand and to do this were buying 1c stamps to stick alongside the twos. At ten o'clock on July 7th, a wire reached the Postoffice Department at Washington, from E. R. Russell, Cashier of the New York Postoffice stating that the supply of 1c stamps was entirely exhausted.

Third Assistant Postmaster General Frederick A. Tilton who has supervision over the stamp division arranged to ship 3,000,000 one cent stamps by airplane to the New York office. These stamps were delivered at the Newark airport at one o'clock of July 7th. An additional 7,000,000 were forwarded by mail on the same day and another 20,000,000 were to be shipped on the morning of the 8th.

When the 3c rate went into effect, July 6th, the New York office had on hand 20,000,000 one cent stamps so these figures give some fair idea of the vast volume of postage stamps that are required to supply this city.

## ASK CAPTAIN TOWNSEND

If you have any questions on any stamp matters that are puzzling you, write to Captain A. C. Townsend, 16 S. Peoria St., Chicago, Ill., for information. Enclose stamp for reply if you wish a prompt and direct reply. Such questions will be filed and catalogued for publication in a proposed book of information for stamp collectors to be published by Linn's Weekly Stamp News.

## FROM HARTFORD, CONN.

It is noticed in a recent edition of your breezy new weekly that the Metropolitan Life Insurance Co., is the first Insurance Company to form a Philatelic Society among its employees. I believe that statement should be corrected. The Travelers Insurance Company of this city has had a Philatelic Club for a number of years and last year The Aetna Life Insurance Co., formed a Philatelic Club for the employees interested in the collection of stamps, first day covers, etc., and I am a member of this latter Club. You can therefore see, that the Insurance Companies in Hartford are just a step ahead of those in the larger city of New York.
